

AMENDED MOTION

Under the condition that lectureships do not either replace or hinder the development of tenure track positions which are essential to the mission and the integrity of this University, the Faculty Senate recommends the following motion:

Effective with the fall of 2003 and for a period of two years, pilot programs to create and test the concept of "Lectureship" in its broad definition, will be permitted under the following guidelines:

Departments, working in concert with their dean, may develop procedures and guidelines for the use of Lectureships for specific purposes that are unavailable under current faculty regulations. Any such plan will have the approval of the department faculty, chair and dean prior to submitting it for approval to the provost. The policy and guidelines will specify all conditions under which Lecturers will be employed and will clearly delineate their duties and responsibilities.

Evaluation of the use of Lectureships will be conducted annually and a report will be submitted to the Provost and Senate by the April meeting of each year. By the May meeting of the second year, the Senate will make a recommendation to the President and Provost regarding the continuation of the use of Lectureships.
