

Senate Budget Committee Report

September 9, 2002

Senator Alice Jones was gracious enough to call the Senate Budget Committee together on August 28 for the purpose of selecting a committee chair for the upcoming year. John Wade was selected. The remainder of the meeting was devoted to discussion of possible agenda items for the year. Items identified so far include:

- Overall budget cuts and the process for implementation
- The athletic budget and its impact if any on the academic budget
- Resumption of merit pay
- Printing costs in computer labs
- Capital equipment

We encourage members of the ECU community to submit potential items for consideration to the committee.
