Sport Management

The major in Sport Management is designed to prepare the student for financial and administrative careers within recreational and professional sports programs, fitness centers, and other sport related organizations. The complexities and challenges of sports at all levels require a well-prepared individual with qualifications in such diversified responsibilities as sports programming, supervision, management, facility planning, promotions, and purchasing.

The Sport Management major provides a quality educational experience that will prepare the student in a unique way for a career in the rapidly evolving arena of sport. This experience will be as unique as Eastern itself. Students will receive cutting-edge instruction in a practical major of study that will culminate in an internship experience giving the student the "hands on" experience necessary to secure employment within the industry. The internship courses are offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations, or by direction of the student.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the additional nine hours required for the additional program.
