

Standing Committee Report of the Elections Committee

The Elections Committee of the Faculty Senate has completed the process of electing a Faculty Regent. In a Run-off election between Dr. Malcolm Frisbie and Dr. David Sefton conducted Monday, March 26th through Monday, April 2, 2007, Dr. Malcolm Frisbie was elected to serve as our next Faculty Regent.

The process of electing a Part-time Faculty representative for the Faculty Senate has also been progressing. Several candidates have been nominated by their Department Chairs. An online election conducted via email has been tentatively scheduled to begin Monday, April 9th and end Monday, April 16, 2007.

The Elections Committee is contacting Department Chairs regarding the conduct of departmental elections to replace the Faculty Senators whose terms are expiring. If your term is expiring, please inform your Chair of the need to fill your position.

The April meeting requires the nomination of a Chair and Co-chair. Please reflect on this important decision before our April meeting.
