The intent of the Globalization and International Affairs (GLO) major is to create an interdisciplinary major that focuses on the nature of globalization and its impacts on individuals, communities, regions, and nations, and to assist in broadening the international horizons of ECU students. The program will graduate culturally aware students who are comfortable in a variety of international public-sector, private-sector, and non-profit positions. GLO students will possess an enhanced awareness of worldwide economic and political events and will be able to assess their impacts on international affairs. Upon completion of the GLO degree graduates will be able to: (1) analyze cultural, economic, geographical, historical, political and social forces affecting globalization, (2) identify factors which impede or encourage globalization, (3) evaluate the impacts of increasing globalization on individuals, communities, regions, and nations, (4) integrate globalization ideas and concepts from the various disciplines into a unified whole, and (5) compete well for international positions or for domestic positions requiring international expertise.
