

Fellow Senators:

CACTUS needs your help!

CACTUS (Citizens' Assembly for Critical Thinking about the United States) is an ECU QEP initiative. As such, even though it is structured as a departmental offering-POL 301-it is designed and intended to impact the entire university community. CACTUS will meet for the first time in Spring 2008, on Wednesday afternoons from 1:25-4:10.

To create a truly representative Citizens' Assembly, we hope to enroll at least one student from each department. Please share this information with advisors, other faculty, and students in your department and help us reach our goal!

You can learn more about CACTUS at www.cactus.ecu.edu.

Our topic for 2008 is "IS it time to change the way we elect the president of the United States?"

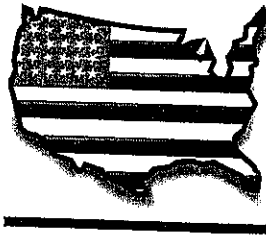

Other ways you and your students can be involved:

You will have the opportunity to share your views on this topic with the Assembly by posting your thoughts on our discussion board or by making a statement to one of the Assembly's recommendation and vote on whether or not you support it.

Thanks for your support,

Jane Rainey
CACTUS Project Director
