

RULES COMMITTEE REPORT

Nov. 4, 2007

The Rules Committee met on October 18, 2007 at 9:00 a.m. We have been charged with coming up with a proposal to make the Ad Hoc Committee on New Senator Orientation into a standing committee of the Senate. To that end, Marcel Robles met with the committee to share information and documentation concerning the functioning of the Ad Hoc Committee on New Senator Orientation.

Sen. Robles made a number of helpful recommendations, including a suggestion that new senators should be made aware that ECU has a chapter of the American Association of University Professors. Since this has not always been done in the past, Senator Robles encouraged me to bring some AAUP brochures to share with all senators at today's Senate meeting. Each senator has, therefore, been given a copy of AAUP's Footnotes newsletter for fall 2007.
