

Work Group on Upper Division Electives

After the January Senate meeting, I contacted Elizabeth Throop to ask that I be added to their ad hoc committee to discuss the required number of upper level hours at the university for 120 hour degree programs. The unanimous decision of the subcommittee (Elizabeth Throop, Lindsey Cross, Allen Ault, and David May) was to recommend a minimum of 42 hours. Elizabeth Throop will be meeting with the Associate Deans next Thursday to get their input before moving forward to the Council of Academic Affairs with a recommendation.
