*If Applicable (Type NA if not applicable.)
**Approval needed for new, revised, or suspended programs
***Approval/Posting needed for new degree program or certificate program
****If "yes", SACS must be notified before implementation. Please contact EKU's Office of Institutional Effectiveness.

Completion of A, B, and C is required: (Please be specific, but concise.)

A. 1. Specific action requested: (Example: To increase the number of credit hours for ABC 100 from 1 to 2.)

Remove EMC 212 (1 hr) from the Program Major Core Requirements.
Remove BIO 378 (1 hr) from the Supporting Course Requirements in all options.
Drop the Free Electives Requirement (6 hrs.) thereby reducing the required degree credit hours from 128 to 120.

A. 2. Effective date: (Example: Fall 2001)

Fall 2009

A. 3. Effective date of suspended programs for currently enrolled students: (if applicable)

B. The justification for this action:

The information contained in EMC 212, Auto Extrication, is covered in other courses and represents a duplication of students learning objectives. Through review of all courses, with consideration of accreditation standards and other benchmark curriculums, BIO 378 will be removed. BIO 378 exceeds academic requirements of these benchmarks. Dropping the free electives EMC 212 and BIO 378 will decrease the total curriculum requirements to 120 hours. This would allow students to graduate earlier.

C. The projected cost (or savings) of this proposal is as follows:

Personnel Impact: None.

Operating Expenses Impact: The proposal will not necessitate an increase in operating expenses

Equipment/Physical Facility Needs: Existing facilities will be used.

Library Resources:

None.
