eCampus Online Program Term Schedules

FALL 2022 through SUMMER 2025

Note: All dates are subject to change by the EKU Administration. Dates below are only relevant to eCampus courses. Last edited by Shannon Tipton

Class "DROP" =	Course does not appear on student transcript. Has automatic 100% tuition refund.
Class "WITHDRAW" =	Course will appear on student transcript with a notation of "W". Students may withdraw from the end of Add/Drop period to the deadline for withdraws (Sunday of 6th week for 8 week classes, 4th week for 6 week classes). There is a limited time at the beginning of the withdraw period when either 75%, 50%, or 25% tuition refund may apply. See specific dates below.
"Add/Drop" Period =	Students may go online and register into, or drop out of, a class; no "adds" are allowed past the end date of this period.
Grade Submission:	All grades shall be submitted into the Banner database online, on or before the stated deadline. A grade that has been "rolled" has been processed, i.e. course repeat processing has been performed, GPA calculations have been completed, and the grades will now appear on a student transcript.

Student access to final grades: Students may go online (myEKU) to see their final grades as soons as an instructor submits them into myEKU. Their official GPA will not be recalculated until a mid-semester roll and/or the end of the full semester after grades for the entire university have been processed. If faculty do not submit grades by the deadline for a mid-semester roll the student's grade will not appear on a transcript until the entire semester is rolled at the end of the whole term. The grade availability date is usually within 24 hours of the final grade submission deadline. Grade submission deadlines are listed below for each term.
