What, if any, additional comments and/or information about our graduate's c...

Mr. Gustavo Alcantara Ocampo, was under my Supervision. And is now working in Community Mental Health and is doing an excellent job as a clinician. I am extremely proud of him and the skills he brings to the field. Of Human Services.

I find that I need to teach them how to write effective tx plans. I have had at least 5 different ECU interns the past few years. Other skills are strong.

Some areas that could be taught more throughout the school counseling K-12 class, would be more information on 504s, IEPs, and other roles that counselors have that are not considered appropriate for our profession. Students and recent graduates have no idea how to lead these meetings or what they are because they don't seem to have the knowledge about them.

Dr. Campbell is a strong asset to the counseling center. We are lucky to have her with us.
