- I. Authority**  
By the action of the Board of Regents of April 22, 1978, and as amended on August 1, 2003, and pursuant to the authority invested in it by chapter 164.975 of the Kentucky Revised Statutes, the following regulations were adopted to regulate and control motor vehicle traffic and parking facilities on the Eastern Kentucky University campus.
- II. Purpose**  
The following regulations are established to ensure the proper maintenance, control and maximum equitable utilization of all University parking facilities by valid parking permit holders.
- III. Parking Permit Eligibility**
  - A. All employee and student vehicles occupying University parking facilities, other than those in metered spaces, must display a valid and appropriate University parking permit. Each employee or student may apply for one permit only.
  - B. To be eligible to acquire and display a parking permit, an employee or student must:
    1. Possess a valid operator's license for the type of vehicle to be registered.
    2. **Only register vehicles owned by the individual or a member of his immediate family.** The Director for Parking and Transportation Services may waive this requirement when the owner of a vehicle has some other definable relationship to the student.
    3. Display a valid license plate on the vehicle to be registered.
  - C. **Students may not use employee permits. Those employees that wish to have their vehicle registered as a student vehicle for use by a member of their family must have special permission from the Director of Parking and Transportation.**
- IV. Parking Classifications and Hours of Enforcement**  
Eastern Kentucky University provides parking as follows with parking permits that are color coded to match sign(s) at parking lot entrances or on the roadways within the confines of the campus.
  - A. Parking is prohibited at all times on the grass or on any other areas where parking would mar the landscape of the campus, create a safety hazard, or interfere with the use of University facilities.
  - B. Where parking areas are clearly outlined, occupants must observe the confines of each space. Only one vehicle is permitted in each space except for motorcycles.
  - C. The responsibility for finding a legal parking space rests with the vehicle operator. **Lack of space is not considered a valid excuse for violation of these regulations. A permit does not guarantee parking in any specific lot or area.**
  - D. **Handwritten or typed notes of any type will not be honored as valid University parking permits.** In the event your vehicle has become disabled, you must call the EKU Parking or Police Department immediately, give location, make, model, and license number of the disabled vehicle. A temporary permit must then be obtained for the vehicle from the EKU Parking or Police Department. A temporary permit (with a 4 hour limit) is available unless the disabled vehicle is in the roadway, blocking traffic or creating a safety hazard. These vehicles must be moved or towed immediately.
  - E. Eastern Kentucky University reserves the right to restrict parking for special purposes or events.
  - F. Colors are used on curbs and lot surfaces as described below:
    1. **curbs** mean no parking anytime.
    2. **curbs** mean fire lane, no parking any time.
    3. **curbs** mean accessible parking only.
    4. **lines on lot surfaces** mark the confines of parking spaces.
  - G. The parking of any vehicle for the purpose of temporary living or storage is prohibited unless allowed by specific university policy, procedure or regulation.
  - H. Because of the need to provide required maintenance and repair to the parking facilities, the parking of vehicles for over 24 hours is prohibited during semester breaks without special permission from the Director for Parking and Transportation. All-year halls are exempt from this requirement.
  - I. No Idling - All vehicles should be turned off when not in use or when the driver leaves the vehicle for any length of time. Equipment should not be left idling more than 1 minute and should be turned off unless doing so would hurt its operation.

- Exceptions include:**
  - Vehicles at job sites requiring the use of emergency lights or other powered accessories to accomplish their assignment.
  - Division of Public Safety vehicles are exempted during emergency and training situations.
  - Inclement weather situations where the supervisor authorizes the use of the vehicle/equipment heater-defroster for the work crew's comfort when the temperature is below freezing or over 90 degrees. In these situations vehicle may idle for 5 minutes for heating/cooling. At no time should the vehicle be left unattended.

- V. Parking Permit Placement**
  - A. It is the registrant's responsibility to place their permit correctly.
  - B. Permits must be hung from the rear view mirror post with the permit number visible to a person standing in the front of the vehicle. A motorcycle permit must be attached to the rear fender.
- VI. Parking Permit Replacement**  
It is the registrant's responsibility to replace lost, stolen or damaged permits.

- VII. Vehicle Information Changes**  
**The Parking Office must be informed of new vehicle information when a registered vehicle is replaced or its license plate is changed.**

- VIII. Abandoned Vehicles and Safety Hazards**
  - A. Vehicles not properly displaying a valid vehicle license or vehicles which are inoperable because of missing or damaged parts will be considered as abandoned and subject to immediate tow at owner's expense.
  - B. Vehicles which have been impounded and not claimed will be considered as abandoned and will be disposed of in accordance with KRS 189.751.
