CENTER IMPACT

JULY 1, 2022 - JUNE 30, 2023

Education

Strengthening education, from early childhood to higher education, and ranging from a Montessori school emphasizing more than just academics to a public school district identifying ways to support student mental health.

Community Service

Supporting community service efforts, from volunteering in the Eastern Kentucky Flood Relief efforts to providing in-kind services to the Hindman Settlement School, a vibrant beacon for progressive learning, community enrichment, and cultural exploration in Central Appalachia.

Some Strategic Plans We Helped Develop

Mission: To encourage, promote, and support federal and state programs that provide safe, high-quality, and environmentally sound public recreational boating access to the waterways of the United States and its territories.

Vision: A Kentucky where no one is affected by the harms of tobacco use.

Purpose: To coordinate a comprehensive and inclusive effort to reduce the health and economic burdens of tobacco use and improve the wellbeing of all those who live, learn, work, play, or worship in Kentucky.

**PROVIDENCE
MONTESSORI**

Vision: Our vision is for all children to reach their full potential as collaborative and independent learners by providing a Montessori education that nurtures their spirits as they become responsible and engaged citizens of the world.

Mission: Our mission is to provide an exceptional environment, holistic in its approach, that is a safe place for children to unleash their natural curiosity, their intrinsic desire for life-long learning, and their innate ability to be citizens who better our world.
