Applying the Intellectual Standards

Clarity: Understandable; the meaning can be grasped

Feedback: Could you elaborate further? Could you give an example? Could you illustrate what you mean?

Accuracy: Free from errors or distortions; true

Feedback: How could we check on that? How could we find out if that is true? How could we verify or test that?

Precision: Exact to the necessary level of detail

Feedback: Could you be more specific? Could you give more details? Could you be more exact?

Relevance: Relating to the matter at hand

Feedback: How does that relate to the problem? How does that bear on the question? How does that help us with the issue?

Depth: Containing complexities and multiple interrelationships

Feedback: What factors make this a difficult problem? What are some of the complexities of this question? What are some of the difficulties we need to deal with?

Breadth: Encompassing multiple viewpoints

Feedback: Do we need to look at this from another perspective? Do we need to consider another point of view? Do we need to look at this in other ways?

Logic: The parts make sense together; no contradictions

Feedback: Does this all make sense together? Does your first paragraph fit in with your last? Does what you say follow from the evidence?

Significance: Focusing on the important; not trivial

Feedback: Is this the most important problem to consider? Is this the central idea to focus on? Which of these facts are most important?

Fairness: Justifiable; not self-serving or one-sided

Feedback: Do you have any vested interest in this issue? Are you sympathetically representing the viewpoints of others?
